Dear Colleagues,

On the behalf of the Scientific Committee, it gives us great pleasure to welcome you to attend “Burjeel Medicine Update Conference” that is planned to be held at Jumeirah Etihad Towers Hotel in Abu Dhabi on 16th and 17th of April, 2015.

This premier event aims to provide participants with the recent updates and latest developments through a broad array of clinical and practice management topics to be addressed by distinguished expert speakers, featuring various disease areas including advances in Nephrology & Hypertension, Dermatology, Rheumatology, Neurology, Endocrinology, Internal Medicine & Gastroenterology, Emergency & Intensive Care, Pulmonology, Cardiology and the most common problems encountered in clinical practice.

To make this conference a complete scientific experience, great care is being taken to design the plenary sessions and a high-level scientific content with major updates and state-of-the art presentations delivered by keynote speakers.

The conference is intended for all healthcare professionals, including specialists, internists, general practitioners, family physicians, medical residents and fellows, as well as allied health professionals.

The Organizing Committee is dedicated to showcase this worthwhile meeting as the biggest Medicine Update Conference ever witnessed in the UAE, with the best scientific deliberations, eminent faculty and a gathering of 500 physicians, researchers, academics, nurse practitioners, pharmacists, and other health professional’s practitioners from the UAE and the region.

Burjeel Medicine Update Conference 2015 cannot be realized without the support of various stakeholders from the industry, who contribute to our collective efforts in marching closer to Millennium Development of preventing and controlling various diseases and their impact on patient care across the UAE and the region.

We believe this scientific event is an invaluable learning experience that will keep you abreast of the latest developments in medicine. The program will offer a superb opportunity for physicians and medical specialties to attend expert updates on areas outside their own specialty.

We are looking forward to seeing you at this unique educational experience.

Please do not miss this outstanding opportunity!
